Love Handprint Canvas

Directions:

1. Lightly wash entire canvas with Prang® Watercolors (Note: Try using two coordinating colors; we chose yellow with orange highlights.) Allow canvas to dry.
2. Create four-square grid layout using ruler and Ticonderoga® pencil.   Lightly mark each side of canvas at center. Mark center point of canvas.
3. Frame the top left and bottom right quadrants of canvas with painter's tape, using markings as guide. (The top right and bottom left quadrants will not be painted at this time.)
4. Center the vinyl letter "L" in the top left quadrant. Center the vinyl letter "E" in the bottom right quadrant.
5. Cover all of top left and bottom right quadrants with Prang® tempera paint. (Note: Tempera paint is made to be semi-transparent, as it makes the paint brighter. Because the background color may affect how the tempera paint color appears, choose a coordinating color for best results.) When paint is dry, remove painter's tape and vinyl letters.
6. To make the "O", paint hand with Prang® tempera and place in top right quadrant. (Note: For very small children you can also trace their hand using a Ticonderoga® pencil, then fill in with paint.)
7. To make the "V", paint feet with Prang® tempera paint and place in the bottom left quadrant in a V shape. (Note: If child's feet are too large you can trace around a vinyl letter "V" with a Ticonderoga® pencil, remove vinyl letter then fill in with paint.)

Step 1

Step 3

Materials

- Prang® Watercolors
- Prang® Washable Tempera Paint
- Ticonderoga® pencil
- Square Canvas (about 10" x 10")
- Painters Tape
- Vinyl Letters "L" and "E" (about 3")
- Ruler
- Paint brushes

Why purchase Prang® Tempera Paint?

Prang® Tempera Paint is ready-to-use to make your life easier. It has a high degree of pigmentation and won't settle or separate. AP certified non toxic.

Don't forget that the barcodes from any of our products will help you earn free school supplies with Prang Power.
