Roll out Das Air Dry Clay on flat surface. Roll to about $\frac{1}{2}$ inch thickness. Using your favorite snowman cookie cutter cut out your snowman and pull away extra clay. Using a Ticonderoga Pencil, poke a hole in the top of the snowman. Allow clay to dry overnight. The next day sketch out your snowman's features using a Ticonderoga Pencil. Then color in using Prang Art Markers or Prang Paint. Cut a ribbon to about 5 inches long and thread the hole. Tie at the top.
